

Hello,

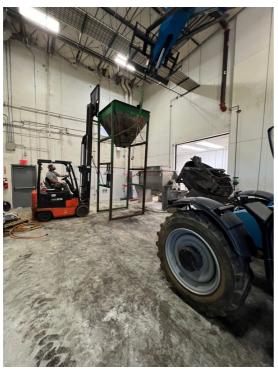

I don't know about you, but it feels like time is moving by too quickly these days. It seems like I blinked, and four weeks flew by since my last update.

Things are progressing nicely, and we continue to work on product registrations, labels, and packaging in anticipation of being able to begin production this summer. On the production end of things, there have also been some advancements. They say a picture is worth a thousand words so I will leave you with 4000.

Thank you again for your patience and cooperation as we work through this exciting transition. Please feel free to reach out to me if you have any questions or need additional assistance.

Thank you for your continued trust and support,

Michael Gardner

Director of Turf & Ornamental
